INTERESTS

With a keen interest in new technologies and a passion for continuous learning, I enjoy exploring innovative solutions and staying ahead of industry trends. In my free time, I indulge in playing basketball, snooker, and e-games, particularly Counter-Strike, as well as various indoor games. I thrive in social settings, often participating in or organizing events, and I take pride in leading projects, tackling challenges, and driving creativity. My enthusiasm for problem-solving and working with new ideas fuels both my personal and professional endeavours.
